EDUCATION

University of Toronto - St. George

Sep 2019 - Jun 2023 (Expected)

Bachelor of Science, Computer Science & Statistics

CGPA: 3.8/4.0

Relevant Coursework:

- Software Design, Introduction to the Theory of Computation, Computer Organization, Data Structures and Analysis, Software Tools and Systems Programming
- Introductory Statistical Analysis and Data Science, Probability with Computer Applications

SKILLS

Computer Languages

Java, Python, R, Assembly, HTML, CSS, Javascript

Software & Tools

Git, LaTeX, Figma, IntelliJ, PyCharm, VSCode

Soft Skills

Teamwork, effective communication, willingness to learn

PROJECTS

Conference Management Program (*Java*)

- **Worked in a team of 7** to develop a testable, reusable and extensible conference management program by adhering to Clean Architecture and the SOLID principles
- Implemented a GUI using Swing, and an event management system which incorporates object serialization/deserialization and numerous design patterns such as Dependency Injection, Factory and Façade

Pixel Art Doodle Jump (*MIPS Assembly*)

- Created an alternate version of Doodle Jump using MIPS Assembly and the Bitmap Display Tool in MARS simulator
- Notable features: dynamic increase in game speed, restart options, different platform types, sound effects and smooth gameplay (achieved by implementing a buffer)

Statistical Analysis of Auto Theft in Toronto Neighbourhoods (*R*)

- Analyzed auto theft data from the Analytics and Innovation team at Toronto Police Service by performing data wrangling, exploratory data analysis and hypothesis tests using *R*
- Reported findings and proposed solutions using isoslides and Rmarkdown

Portfolio Website (*HTML, CSS, Javascript*)

- Built a responsive portfolio website using HTML, CSS and Javascript from scratch

ACTIVITIES

Tech Easy Foundation

Sept 2017 - Jun 2019
